

ENVIRONMENTAL FAMILY SCAVENGER HUNT

HAVE FUN FINDING AND ANSWERING THE FOLLOWING 10 QUESTIONS IN THE “**OUR PLANET, OUR FUTURE**” ART PIECES OF THE 25 PARTICIPATING ARTISTS.

You may either print the form with your answers, or email the form: admin@pelhamlibrary.on.ca

If you print the form bring it with you to the library (Pelham or Maple Acre branch) to pick up your White Pine seedling between May 17 and May 19. Planting and care instructions are included. The seedlings are available to the first 75 participants.

- 1) Name the title of an art piece that deeply affects you about the environment and briefly tell us why.
- 2) Name 3 artists that used recycled materials in creating their art piece.
- 3) Name 3 artists that show how climate change is affecting water and weather.
- 4) Which art piece illustrates how fires are increasing on our planet with climate change.
- 5) Select 2 art pieces that remind you of the incredible beauty of our planet.
- 6) Which art piece speaks to you about the ways in which humans can work together to protect the environment?
- 7) Name 3 creatures that you find in the art pieces that need our help in surviving climate change.
- 8) Single use plastic is a big concern today, affecting our water and wildlife. Name the art piece that best illustrates this to you.
- 9) Find 2 art pieces; one where an insect is being destructive to Nature, and one where an insect is being beneficial to Nature.
- 10) We are excited to know where you will plant your white pine seedling. Please tell us. Ontario adopted the Eastern White Pine (*Pinus strobus*) as an official symbol May 1, 1984. It is the tallest tree in the province and can live to over 250 years. Choose your spot wisely.
